Spa Cover dimensions must be in inches. Measure the widest points for the outside length and width. Indicate which side is folded in half on the diagram below. The "customer" is responsible for all dimensions. Please call us if you need help measuring the spa.

I authorize the cover to be made to these specifications.

- GRANITE
- CHARCOAL
- TEAL
- FOREST GREEN
- WHITE

Radius Corners

- 1) Use two rulers to extend the sides of your spa to a point where the sides would have met (Point B) if the corner had been square.
 - 2) Points A & C are where the curve ends on the spa.
 - 3) The radius is the distance in inches from "B to A" or "B to C" whichever is SMALLER.
- OR - Trace the outside curve and fax it to us.
